Meeting Highlights

This week's meeting began with a report on the Special Olympics service project this past Saturday. Thanks to Doc, Lucille and Lane's efforts, food and beverages were donated and enough help was secured for us to feed the 175 Special Olympic athletes and coaches attending the event. Also pitching in were, Doc's son Jeff, Michelle and her daughter, Jack Jackson and Paul Andresen. Doc and Mary put a plug in for future service projects – this is how to really see Rotary in action! Vic also reported on the new presidents training he attended this past weekend. An active and exciting year is being planned for 2004-05... which will also be Rotary's 100th Anniversary.

Our program this week was Janice Reyes from Hope University, a fine-arts facility for adults with developmental disabilities. Their mission is "train the talent and diminish the disability" through creative-arts therapy. Hope University students concluded the program with a wonderful and inspiring performance that included "Chances Are" and "New York, New York." Special thanks goes out to Norm Buben for capturing this weeks meeting in pictures... please see page 3.

Once again, we are pleased to announce that Bill Moss is being proposed for membership into our Rotary Club. Bill Moss is recently retired from the Anaheim Police Department and his sponsor is Teddi Boston.
