The first court case takes place in Las Vegas on Monday, 10 March  
Per Attorney Georgeann Nicol, the more people in attendance, the  
more serious we will be taken. Details to follow.

From what I understand, this court case will be to stop the bankruptcy,  
to request a continuance, to announce the proxy or representative  
for Jerry Airola, to ask and have answered many questions our  
attorney/s have, to open the door for more discovery, etc. We  
need to be there to represent our side. As non lawyer types, we won't  
be asking any questions. We will just be there for the sheer numbers.

I, Tony Vaca, webmaster for this site, am a licensed travel agent.  
I has found rooms at the Tropicana for \$70 or less for Sunday night.  
This is the first day of March Madness, so room rates are through the  
roof. If you want to extend your stay earlier or later, I can arrange  
that, as well. Email me for details and book through my agency:  
Tony@SuperiorTravel.com or HeloPilot@TCVSystems.com

Also, the website: <http://www.TCVSystems.com/HeloPilots> has some  
new information. Remember to stop by at least once daily. And forward  
these to as many fellow students and CFI's as you can, both local and  
nationwide.

And, if you haven't already done so, please respond to one of our emails  
to let us know that you are receiving them and to give us current contact  
info.

Thanks,

Tony Vaca and Tim Cooper
