

Hey Pilots,

Another quicky email blast from Long Beach.

I am creating an archive of email blasts in the website. Again, for the newly initiated, the web address is: <http://www.TCVSystems.com/HeloPilots> .

A bit more news before we depart for Lost Wages and the hearing on Monday. I had the chance to book fifteen rooms in Vegas. More cattle for the court room.

On to the meat of the mailing.

From Michael Berger

It's true. As of last night, in a telephone conference with students from Atlanta, New York and Tulsa, I extended the deadline for people to sign up with us to April 1, 2008. We are still finding former SSH students that have either just heard about us for the first time or have not heard about us at all. In addition, several people have told us that they need more time to raise the \$800.00. We do not want to exclude these people. Although the 341(a) hearing is set for March 10, we anticipate that we will not actually file any lawsuit against the banks until April. We will begin our negotiations with the banks based on the clients that we already have.

Sincerely,

Michael Berger

In last night's blast, I mentioned attorney Jeannette McPherson's deeds. In that train of thought, Gail Higgins wanted the following students to know that their proof of claim was misfiled regardless if they have signed with Berger and Associates or not. Your proof of claim was filed with the wrong

Silver State Helicopter Bankruptcy case. Someone let them know, or forward it to the appropriate Points of Contact.

From Kevin Wilhelme, San Diego POC

Last night I was able to sit in with Berger and Associates on their conference with GA. If you would like to here the audio recording call: 641-715-3414 Dial Access code 323990#
Listen to this call. If you [will need to] will want to ask for the Dan Reed refund. Last night a listener asked about asking for a refund. Mr Berger said that you should be able to get your money back from Dan Reed/Haraward as they have not done anything for you. Don't stay with them out of embarrassment

From Tony, Please don't read into this last paragraph that we are trying to railroad anyone into going with Berger & Assoc. In general, a great number of students (over 400 so far) and a majority of a few campuses feel very comfortable with what Berger, et al. has done so far and is planning on doing. Make your own decisions. I hope that this stops any possible negative feelings about what we are putting out.

Our database list is growing stronger every day. We currently have over 300 names (that's 10% of SSH's last enrollement). Mostly Long Beach and San Diego names, many but not all POC's from around the country, and

a few names from those who have dropped us a line. If you are receiving this mail with > > > in the left column or a Re: in the subject line, you are probably being forward to by someone. You are not guaranteed to be receiving all of our blasts. Drop us a line with your contact info and which school you were affiliated with and we will add you to the list.

That said, the following are erroring out. If you know these people, please update us with their info.

Arron Tellers, Karl Fields, Kyle Craig, Kyle Martin, Nick Akl, Rafael Perez, and Rick Yates - all bad e-ddresses. Bill Neyer, Chris Smith, Julian Snead, Scott Rogerson and Shaun Miller - all we have are your phone numbers.

And if you are receiving this mailing and haven't dropped us a line confirming your good e-ddress, you are in our database limbo. Give us a, "Hey!" Pilots@TCVSystem.com

Thanks,

Tony Vaca
