

Hey Pilots and Supporters,

This E-Blast has gone weekly. Not enough news to warrant a twice-a-week letter that doesn't say much. If something important rears its ugly head, I'll be sure to let you know. I won't be restricting myself in any way, shape or form. And remember, the website address is:

<http://www.TCVSystems.com/HeloPilots>

So here goes the latest news from all things helicopter.

Now, mind you, I received the following link on April Fools Day. But, from Aero-News.net comes the following:

Disgruntled SSH Students Hire Celebrity to Find Missing CEO
Tue, 01 Apr '08

"Dog, The Bounty Hunter" To Locate Jerry Airola
ANN APRIL 1st "SPECIAL" EDITION: They don't have a lot of money left...
but they're putting it towards a common goal.

About 6,000 former students of now-defunct Silver State Helicopters collected their loose change -- and recently held a number of charity bake sales -- in order to raise enough money to hire infamous bounty hunter Duane "Dog" Chapman to find and capture former Silver State CEO Jerry Airola, who has been conspicuously absent from a number of US Bankruptcy Court hearings.

Here's the link:

<http://www.aero-news.net/index.cfm?ContentBlockID=b7a64a03-bf7b-45d1-83c2-34ffcd9f8cfd>

There are many freaked out students that received a billing memo from AES last week. Attorney Michael Berger addresses this issue and more in a hot-off-the-presses letter to his clients. I have just received the first copy of this letter as he hasn't yet posted it to his blog site nor sent it to his client base (that's what I get for being annoying - yeah!).

As this letter is pretty lengthy, I have saved it to my website server. The links to the Word and Adobe format documents are:

<http://www.TCVSystems.com/HeloPilots/documents/20080401-BergerUpdateLetter01.doc>

<http://www.TCVSystems.com/HeloPilots/documents/20080401-BergerUpdateLetter01.pdf>

Georgeann Nicol, attorney from the Law Office of Michael Berger, will be meeting students and all interested parties in St. Louis at 3:00 p.m. on Saturday, April 5th. The meeting will take place at Heather Crider's office, 71 Centre Pointe Drive, St. Charles, MO 63304 (Jungermann Road exit off of Highway 94)

Gail Higgins, also a Berger attorney, will be meeting with Melbourne, FL, students / supporters on Sunday, April 6th. If interested in this meeting, contact Gail directly: Gail.Higgins@bankruptcypower.com

And regarding my last E-Blast announcing a teleconference for the New York school. I got the dates confused. Hope that didn't throw anyone off too drastically. I was out of town when Michael called to have me make the correction to the website.

Berger has once again extended his deadline to retain his company. From Michael Berger,

"To accommodate clients referred to us by [Georgia] attorney Peter Lown and [San Diego] attorney Steve Sayler [of the Law Office of Steven C. Sayler & Assoc.], to accommodate clients who had difficulty raising our \$800.00 fee, and to further increase the size and strength of our group, we are today announcing a final extension of time for SSH students to hire us to represent their interests in the SSH matter to postmarked by April 18, 2008. Due to the need to commence legal action against the SSH lenders, there will be no further extensions of this deadline. [Bracketed items added by webmaster, Tony Vaca, by permission of Michael Berger.]

This was news to me regarding San Diego's Sayler clients. More on that as I get the information.

The Long Beach, California, CFI's are going gangbusters with their support of students by way of volunteering their instruction for dual flight time. CFII Del Richardson, and CFI's Paul Vohsing and Shawn Baker have asked to be placed on the list. It's a spin on the old adage, "You buy, I'll fly!" Now read it as, "You buy, we'll CFI!" Can't beat that for two needs being met with one action. Visit: <http://www.TCVSystems.com/HeloPilots/cfis.htm> for details on your local airport / school location. If you don't see any representation locally, contact your instructors and have them email me: Pilots@TCVSystems.com .

March 22nd's E-Blast mentioned the Grand Opening of Rotor Aviation's new campus at Gillespie Field (KSEE) in San Diego, CA, on the 1st of April. Due to circumstances beyond their control, the Grand Opening has been rescheduled for April 12, 2008. Whoo Hoo!!! A Saturday. Interested? Contact Brandy Drake @ 619-599-5650 or 619-334-7706. For more details, go to: <http://rotoraviation.events.live.com> .

I've reached a road block regarding Points of Contact and Volunteer CFI's information for the website. I hope that these mailings are still getting out to the masses. I have spoken to a few POC's recently. They are still getting inundated with mail from many sources. These E-Blasts are getting lost in the confusion and ending up in Junk, Trash or Bulk Mailboxes. If you are getting this mailing personally, forward it to your classmates that might not be on our list. If you are

> > getting
> > this email
> > with carets like
> > this on the left
> > side, you are getting this E-Blast forwarded to you from some source.

I am CC'd on many mailing lists, but due to privacy issues of my own, I am not stealing the CC: lists and adding them to my database. I need to have your permission and know that you are wanting my info to add you to the database. So, if I haven't heard from you, write me to be added to the list: Pilots@TCVSystems.com .
