

Hey Pilots, Family Members and Supporters,

The attorneys that represented us against SLX in the Class Action Lawsuit are holding Town Hall Meetings in Northern and Southern California in January.

I originally sent links to you all from the [Evite.com](https://www.evite.com) website, but the site showed the sender's name as Pinnacle Law Group and not me. So there was probably some confusion.

I am resending the links to the two E-vites below. The first link is for the Long Beach Meeting on January 10th. The second link is for the San Francisco Bay Area Meeting on January 9th.

Take a look and let me know if you are going to attend or not. Forward this to everyone you know that is affected by SLX's loans.

And, if you get an update email from "Pinnacle Law Group" and/or "Evite.com", it is from ME updating the meeting information. Go ahead and open the email. It won't say "EBlast".

Thanks,
